

## Ingredients to avoid in skincare products for babies and children

### SLS/ SLES

- Sodium Lauryl Sulfate (SLS)
- Sodium Laureth Sulfate (SLES)

### Formaldehyde and formaldehyde-releasing preservatives (FRPs)

- 2-Bromo-2-Nitropropane-1,3-Diol (Bromopol)
- 5-Bromo-5-nitro-1,3-dioxane (Bronidox)
- Diazolidinyl Urea
- DMDM Hydantoin
- Glyoxal
- Imidazolidinyl Urea
- Polyoxymethylene Urea
- Quaternium-15
- Sodium Hydroxymethylglycinate

### Phenoxyethanol

### Parabens

- Methylparaben
- Ethylparaben
- Isopropylparaben
- Propylparaben
- Butylparaben
- Benzylparaben

### Mineral oil

- (Liquid) petrolatum
- Petroleum jelly
- Paraffin oil
- (White) Mineral oil
- Paraffinum liquidum
- White petrolatum
- Liquid paraffin

### PEGs, Propylene Glycol and Butylene Glycol

### Polyacrylamide

### Ethanolamine compounds (MEA, DEA, TEA and others)

- Triethanolamine/ TEA
- Diethanolamine/ DEA
- Cocamide DEA
- Cocamide MEA

### Methylisothiazolinone & Methylchlorisothiazolinone

- Methylisothiazolinone (MIT)
- MI
- Methylchlorisothiazolinone (CMIT)
- MCI

### UV filters

- 4-Methylbenzylidene Camphor
- Ethylhexyl Methoxycinnamate also known as Octyl Methoxycinnamate (OMC)
- Homosalate
- Ingredients containing the word benzophenone (e.g. Benzophenone-3, Benzophenone-4)
- PABA/ OD-PABA/ Padimate O
